Subject:	Power of Attorney and Statement under 37 CFR 3.73.(b)		

Dear USPTO:

We are trying to fix our patent applications so they are associated with our customer number. We need to have the following patent applications updated for the Power of Attorney information, so our CN Upload spreadsheet will work. The EBC instructed me to fax to you at, 703-872-9306, however this phone number doesn't work. I am instead sending these POAs to 571-273-8300.

Please find attached Power of Attorney Forms PCT/SB/81, and Statements under 37 CFR 3.73(b). Please contact me directly should you have any questions. Thank you.

Best regards,

Leslie

Dear Sir / Madam,

This letter is in regard to a Customer Number Upload (CN Upload) spreadsheet that was received by the USPTO with the following information:

Date received: 2/26/07
Customer number: 63814
Signed by: Peter Knudsen
Registration number: 40682

We are sending this notice to notify you of the status of your CN Upload spreadsheet. Please note, two steps must be met to successfully complete the CN Upload process.

Step 1: Confirming the Signatory Authority for Spreadsheet Cover Letter

The individual(s) who signed the cover letter must be the applicant(s) or Attorney(s)/Agent(s) of record for the application.

The attached MS Excel spreadsheet lists all of the applications that were submitted. Those serial numbers that contain a 'NO' in the 'POA Okay' column were not processed. The Attorney(s)/Agent(s) who signed the cover letter are not listed in our database as having Power of Attorney for the listed applications or there was an error in the application/patent number.

Remedy for those applications for which Step 1 was not successfully completed:

To correct the application submissions that did not successfully meet the criteria in Step 1, and so were not processed, associate those applications by submitting a new spreadsheet and cover letter with the appropriate attorney registration numbers and signatures. Instructions and a spreadsheet template are located at <http://www.uspto.gov/ebc/downloads.html> under Customer Number Update Template.

In the case of applications where you do not have Power of Attorney, please fill out and complete the proper Power of Attorney form SB81/82 and fax it to the USPTO centralized fax number of 703-872-9306 prior to submitting your spreadsheet. Please review OG Notice May 26th 2004, Revision of Power of Attorney and Assignment Practice for further information. <http://www.uspto.gov/web/offices/com/sol/notices/69fr29865.pdf>

Also verify that the serial numbers entered are the correct numbers.

Step 2: Invalid Serial Numbers, Pending Application and/or Patent Numbers

An invalid serial number was entered in the spreadsheet. This is indicated by a "YES" in the Mismatch column.

Remedy for those applications for which Step 2 was not successfully completed:

Ensure that the serial numbers entered meet the spreadsheet requirements (see Customer Number Upload Template). http://www.uspto.gov/ebc/documents/cust_req_instructions.xls
